## PROFILE

Results-driven Staff Nurse with over 10 years of diverse experience in healthcare environments, specializing in geriatrics and chronic illness management. Proven track record of enhancing the quality of life for elderly patients through compassionate care and effective communication. Strong advocate for patient rights and well-being, committed to delivering exemplary nursing care while maintaining patient dignity and comfort.

## EXPERIENCE

### STAFF NURSE - GERIATRIC CARE UNIT

#### Sunrise Senior Living

2016 - Present

- Managed a caseload of elderly patients with diverse medical needs, ensuring personalized care.
- Implemented a fall prevention program that decreased incidents by 30% within the first year.
- Facilitated communication between families and healthcare providers, enhancing care continuity.
- Administered medications and monitored for side effects, adjusting care plans as necessary.
- Conducted routine health assessments and documented changes in patient conditions accurately.
- Organized and led wellness workshops, promoting healthy lifestyles among residents.

### STAFF NURSE - CHRONIC CARE MANAGEMENT

#### Health First Medical Group

2014 - 2016

- Collaborated with a multidisciplinary team to design chronic disease management plans for patients.
- Monitored patient progress and adjusted treatment protocols to meet health goals effectively.
- Educated patients on disease prevention strategies and healthy lifestyle choices.
- Utilized electronic health record systems for efficient data management and reporting.
- Conducted home visits to ensure adherence to care plans and enhance patient engagement.
- Developed community outreach programs that increased awareness of chronic conditions.
