WORK EXPERIENCE

Staff Nurse - Oncology Unit

2020-2023

Cancer Care Center

- Administered chemotherapy and monitored patients for side effects and complications.
- Provided emotional support and counseling to patients and their families during treatment.
- Collaborated with oncologists to create individualized treatment plans.
- Educated patients on treatment processes and resources available for support.
- Conducted assessments to monitor patient health status and treatment efficacy.
- Participated in support groups to foster community among patients undergoing treatment.

Staff Nurse - Infusion Center

2019-2020

City Hospital

- Administered infusions and monitored patients for adverse reactions.
- Educated patients on medication regimens and side effects to expect.
- Maintained accurate documentation of treatments and patient responses.
- Collaborated with healthcare teams to adjust care plans based on patient feedback.
- Implemented safety protocols that reduced incidents of infusion reactions.
- Developed educational materials for patients to enhance understanding of their treatment.

ACHIEVEMENTS

- Recognized for high patient satisfaction scores in oncology care.
- Awarded 'Excellence in Nursing' for contributions to patient education initiatives.
- Successfully organized a community health fair focused on cancer awareness.
