WORK EXPERIENCE

Static Equipment Maintenance Lead

2020-2023

Mining Solutions Inc.

- Oversaw maintenance operations for static equipment in mining operations, ensuring equipment reliability.
- Developed and executed maintenance plans that reduced downtime by 20%.
- Conducted safety audits and enforced compliance with environmental regulations.
- Trained and supervised maintenance staff, promoting a culture of safety and efficiency.
- Utilized diagnostic tools to assess equipment conditions and determine repair needs.
- Collaborated with engineering teams on major equipment upgrades and modifications.

Static Equipment Technician

2019-2020

Earth Resources Corp.

- Performed routine maintenance on static equipment, ensuring optimal performance and safety.
- Documented maintenance activities and provided regular reports to management.
- Participated in troubleshooting efforts to quickly resolve equipment failures.
- Engaged in continuous training on new technologies and maintenance techniques.
- Assisted in the procurement of replacement parts and materials.
- Worked with project teams to ensure maintenance tasks were completed on schedule.

ACHIEVEMENTS

- Improved equipment reliability by implementing a new maintenance tracking system.
- Achieved recognition for excellence in safety performance within the mining sector.
- Successfully led a project that upgraded static equipment, resulting in operational cost savings.
