## EXPERTISE SKILLS

- Operational management
- Team leadership
- Diagnostic evaluation
- Safety protocols
- System optimization
- Training and development

## LANGUAGES

- English
- Spanish
- French

## CERTIFICATION

- Bachelor of Science in Energy Engineering, State University, 2011

# MICHAEL ANDERSON

## OPERATIONS STEAM SYSTEMS MANAGER

Expert Steam Systems Technician with a robust background in the operational management of steam systems across various industrial sectors. Over twelve years of hands-on experience in steam system installation, maintenance, and troubleshooting. Renowned for a strategic approach to steam system optimization, focusing on reducing operational costs and enhancing safety measures. Adept at utilizing advanced diagnostic tools and technologies to ensure system efficiency and reliability.

## PROFESSIONAL EXPERIENCE

### **Precision Energy Services**

*Mar 2018 - Present*

Operations Steam Systems Manager

- Oversaw steam system operations, ensuring compliance with industry standards.
- Developed and implemented training programs to enhance technician skills.
- Managed a team of technicians, focusing on safety and performance improvement.
- Analyzed operational data to identify trends and areas for improvement.
- Collaborated with engineering teams on system upgrades and technology integration.
- Facilitated safety audits, resulting in improved compliance ratings.

### **Industrial Engineering Solutions**

*Dec 2015 - Jan 2018*

Senior Steam Systems Technician

- Executed hands-on maintenance and troubleshooting of large-scale steam systems.
- Utilized advanced diagnostic tools for system evaluations and repairs.
- Participated in cross-functional teams to enhance system reliability.
- Documented maintenance work and system modifications for compliance.
- Implemented energy conservation measures leading to significant cost savings.
- Provided mentorship to junior staff on steam system operations.

## ACHIEVEMENTS

- Improved overall system efficiency by 18% through innovative practices.
- Developed a comprehensive training manual adopted company-wide.
- Received the Excellence in Safety Award for outstanding safety records.
