

MICHAEL ANDERSON

Ecological Stormwater Technician

Dedicated Stormwater Drainage Technician with a focus on ecological engineering and sustainable design practices. With over four years of experience in the environmental sector, expertise lies in the development of stormwater systems that prioritize ecological integrity and community engagement. Skilled in hydrological analysis and the use of advanced design software to create efficient drainage solutions.

EDUCATION

Bachelor of Science in Environmental Studies

University of Oregon
2018

SKILLS

- Ecological engineering
- Hydrological analysis
- Community education
- Design software
- Project documentation
- Stakeholder engagement

LANGUAGES

- English
- Spanish
- French

WORK EXPERIENCE

Ecological Stormwater Technician

2020-2023

Sustainable Solutions Group

- Designed and implemented innovative stormwater management solutions for eco-friendly projects.
- Conducted hydrological analyses to support system design and development.
- Collaborated with architects to ensure integration of green infrastructure.
- Participated in community workshops to promote sustainable stormwater practices.
- Monitored system performance and provided recommendations for improvements.
- Prepared educational materials for community outreach on stormwater issues.

Project Assistant

2019-2020

EcoUrban Designs

- Assisted in the design and development of stormwater drainage systems.
- Conducted field observations and data collection for project assessments.
- Supported project managers in preparing documentation and reports.
- Engaged with local stakeholders to gather input on project designs.
- Utilized software tools for drafting and modeling drainage systems.
- Facilitated meetings to discuss project updates and community feedback.

ACHIEVEMENTS

- Developed a stormwater solution that improved local biodiversity by integrating natural habitats.
- Recognized for outstanding community engagement efforts by local environmental groups.
- Contributed to a project that received a green building certification.
