

MICHAEL ANDERSON

Podcast Engineer

Dynamic Studio Engineer with a specialization in podcast and voiceover production. This professional has cultivated a unique skill set focused on creating high-quality audio content tailored for various media platforms. With a keen ear for detail and a passion for storytelling, this engineer excels in guiding clients through the recording process to ensure their voice is heard clearly and effectively.

WORK EXPERIENCE

Podcast Engineer

2020-2023

Audio Narrative Productions

- Produced over 100 podcast episodes, ensuring high audio quality and engaging content.
- Worked closely with hosts to develop episode themes and narratives.
- Edited and mixed audio to create a polished final product for distribution.
- Implemented effective sound design techniques to enhance listener engagement.
- Managed audio files and ensured compliance with publishing standards.
- Conducted client consultations to align production goals with artistic vision.

Voiceover Technician

2019-2020

Voices Unlimited

- Recorded and edited voiceovers for various commercial and promotional projects.
- Collaborated with clients to achieve desired tone and style for recordings.
- Utilized advanced audio editing software to enhance vocal clarity.
- Monitored recording sessions to ensure optimal sound quality.
- Maintained organized archives of audio files for future use.
- Participated in brainstorming sessions to generate creative content ideas.

ACHIEVEMENTS

- Received the 2023 Podcast Excellence Award for outstanding production quality.
- Successfully grew a podcast's audience by 50% within one year.
- Developed a voiceover project that achieved over 100,000 downloads.
