MICHAEL ANDERSON

PROJECT MANAGER - SUPPLY CHAIN

Strategic Supply Chain Systems Analyst with a comprehensive understanding of end-to-end supply chain processes. Expertise in utilizing advanced analytics and project management methodologies to optimize supply chain performance and drive operational efficiencies. Proven ability to lead cross-functional teams in the execution of complex projects, ensuring alignment with business objectives and delivering measurable outcomes.

PROFESSIONAL EXPERIENCE

Dynamic Supply Solutions

Mar 2018 - Present

Project Manager - Supply Chain

- Led cross-functional teams in the development and execution of supply chain optimization projects.
- Utilized Six Sigma methodologies to identify and eliminate process inefficiencies.
- Developed project plans and timelines, ensuring on-time delivery of milestones.
- Managed stakeholder communications to align project objectives with business goals.
- Conducted post-project evaluations to assess impact and identify lessons learned.
- Presented project outcomes to executive leadership, highlighting key successes.

Innovative Logistics Group

Dec 2015 - Jan 2018

Supply Chain Systems Specialist

- Designed and implemented supply chain systems that improved operational workflows.
- Conducted system audits to ensure compliance with industry standards.
- Collaborated with IT to integrate new technologies into existing supply chain systems.
- Provided training and support to end-users on system functionalities.
- Analyzed system performance metrics to identify areas for enhancement.
- Facilitated workshops to gather requirements for system improvements.

ACHIEVEMENTS

- Successfully delivered a supply chain project that resulted in a 40% reduction in lead times.
- Recognized as 'Project Manager of the Year' for excellence in project execution.
- Developed a supply chain dashboard that improved visibility and decision-making capabilities.
