MICHAEL ANDERSON

ORTHOPEDIC SURGICAL NURSE

Experienced Surgical Care Nurse with a focus on orthopedic surgery, possessing over 10 years in the field. Proven expertise in managing pre-operative and post-operative care for orthopedic patients, ensuring optimal recovery and rehabilitation. Strong advocate for evidence-based practices and patient safety, with a history of implementing initiatives that enhance surgical outcomes.

PROFESSIONAL EXPERIENCE

Specialty Orthopedic Hospital

Mar 2018 - Present

Orthopedic Surgical Nurse

- Managed comprehensive care for orthopedic surgical patients from pre-op to discharge.
- Monitored and assessed post-operative patients to prevent complications.
- Educated patients on rehabilitation exercises and mobility aids.
- Collaborated with physical therapists to develop individualized recovery plans.
- Implemented a pain management protocol that reduced opioid use by 30%.
- Maintained accurate electronic health records for patient tracking and compliance.

General Hospital

Dec 2015 - Jan 2018

Surgical Nurse

- Assisted in various orthopedic surgeries, ensuring all instruments were sterile and ready.
- Provided direct patient care, including vital signs monitoring and wound care.
- Educated patients and families about surgical procedures and recovery expectations.
- Participated in quality assurance initiatives to improve surgical outcomes.
- Engaged in multidisciplinary team discussions to enhance patient care approaches.
- Documented all nursing interventions and patient responses in health records.

ACHIEVEMENTS

- Received the 'Excellence in Nursing' award for outstanding patient care in 2021.
- Led a project that improved post-operative recovery times for orthopedic patients by 25%.
- Contributed to a research paper on orthopedic nursing practices presented at a national conference.
