WORK EXPERIENCE

SURGICAL CARE NURSE

Advanced Surgical Institute
2020 - 2025

- Provided pre-operative assessments and coordinated care for patients undergoing minimally invasive surgeries.
- Monitored patients post-surgery, ensuring quick recovery and addressing any complications.
- Trained patients on discharge instructions and follow-up care measures.
- Collaborated with surgeons to optimize surgical processes and improve outcomes.
- Implemented a patient feedback system that increased satisfaction scores by 15%.
- Maintained accurate patient records and reported any changes in condition to the medical team.

NURSE RESIDENT

City Medical Center
2015 - 2020

- Assisted in surgical procedures under the supervision of experienced nurses and physicians.
- Conducted patient assessments and documented vital signs during shifts.
- Participated in surgical team meetings to review patient care strategies.
- Engaged in patient education regarding pre-operative and post-operative care.
- Provided emotional support to patients and families during surgical processes.
- Contributed to infection control efforts, helping achieve a zero-infection rate during my tenure.
