WORK EXPERIENCE

Cardiac Surgical Nurse 2020-2023

Heart and Vascular Institute

- Provided specialized care for patients undergoing cardiac surgery from pre-op to discharge.
- Monitored patients' vital signs and assessed recovery progression post-surgery.
- Educated patients on heart health and recovery protocols following surgery.
- Collaborated closely with cardiologists and surgeons to optimize patient care.
- Implemented a pre-operative education program that improved patient readiness.
- Maintained meticulous records of patient care and surgical outcomes.

Surgical Nurse 2019-2020

General Surgery Hospital

- Assisted in various surgical procedures, ensuring patient safety and comfort.
- Conducted patient assessments and documented nursing actions in electronic records.
- Participated in quality improvement projects focused on surgical care enhancements.
- Engaged in patient education regarding pre-operative and post-operative expectations.
- Collaborated with interdisciplinary teams to optimize care delivery.
- Supported the development of nursing protocols to improve surgical outcomes.

ACHIEVEMENTS

- Awarded 'Nurse Leader' recognition for excellence in patient care and leadership.
- Implemented a new patient education program that led to better post-operative care.
- Contributed to a research project on cardiac recovery published in a medical journal.
