Michael Anderson

BARIATRIC SURGEON

Innovative Surgical Care Physician with a specialized focus on bariatric surgery, dedicated to transforming the lives of patients through weight loss surgery. With over 9 years of experience, I have performed a wide range of procedures, including gastric bypass and sleeve gastrectomy, with a strong emphasis on pre-operative education and post-operative support.

EXPERIENCE

BARIATRIC SURGEON

Weight Loss Surgery Center

2016 - Present

- Successfully performed over 350 bariatric surgeries, improving patient health outcomes and quality of life.
- Established a comprehensive patient support program that increased post-operative compliance by 40%.
- Engaged in community seminars to educate the public on obesity and surgical options.
- Collaborated with dietitians and psychologists to provide holistic care to patients.
- Monitored patient progress through regular follow-ups, leading to a 25% increase in successful weight maintenance.
- Trained surgical interns in bariatric techniques and patient management.

GENERAL SURGEON

Community Hospital

2014 - 2016

- Assisted in a variety of general surgeries, gaining foundational surgical skills.
- Participated in patient education initiatives, promoting awareness of surgical options for weight loss.
- Conducted research on obesity trends and surgical outcomes during residency.
- Worked closely with nursing staff to ensure continuity of care and patient safety.
- Engaged in quality improvement projects aimed at enhancing surgical practices.
- Participated in weekly surgical conferences, discussing case studies and best practices.
