Results-driven Surgical Case Reviewer with over four years of experience in outpatient surgical settings. I specialize in reviewing surgical cases to ensure compliance with established quality standards and regulatory requirements. My background includes hands-on experience working with surgical teams to identify improvement opportunities and implementing effective solutions. I take pride in my ability to analyze surgical data critically and provide actionable insights that enhance patient care and safety.

## WORK EXPERIENCE

### Surgical Case Reviewer | Outpatient Surgery Center

Jan 2022 – Present

- Reviewed patient charts to ensure compliance with surgical standards and guidelines.
- Collaborated with surgical teams to identify areas for process improvement.
