I am a passionate Surgical Safety Specialist with over 11 years of experience in enhancing surgical practices through evidence-based safety protocols. My background as a surgical technologist has provided me with a unique perspective on the surgical environment, allowing me to effectively communicate and collaborate with surgical teams to ensure the highest standards of safety.

💼 WORK EXPERIENCE

Surgical Safety Officer
2020-2023

Innovation Health Systems

- Oversaw the implementation of technological advancements in surgical safety protocols.
- Trained surgical staff on the use of new equipment and safety measures.
- Conducted regular assessments of surgical practices to ensure compliance with safety standards.
- Collaborated with IT to develop a digital reporting system for tracking safety incidents.
- Engaged in continuous quality improvement initiatives to enhance surgical outcomes.
- Facilitated discussions with surgical teams to address safety concerns promptly.

Surgical Technologist
2019-2020

St. Mary's Hospital

- Assisted in surgical procedures while adhering to strict safety protocols.
- Maintained a sterile environment and ensured proper handling of surgical instruments.
- Educated surgical teams on best practices for infection prevention.
- Supported the surgical team in implementing new safety technologies.
- Participated in safety drills and simulations to enhance readiness.
- Contributed to the development of safety checklists used during surgeries.

★ ACHIEVEMENTS

- Implemented a new safety protocol that reduced surgical errors by 30%.
- Recognized with 'Outstanding Achievement Award' for contributions to patient safety.
- Developed a training manual for new surgical staff on safety protocols.
