MICHAEL ANDERSON

HEALTHCARE SURVEY RESEARCH SPECIALIST

Experienced Survey Researcher with a focus on healthcare research and patient experience. With over 7 years in the healthcare sector, I have developed a deep understanding of patient satisfaction metrics and their impact on healthcare delivery. I excel in designing and executing surveys tailored to assess patient experiences and outcomes, utilizing advanced statistical methods to analyze data.

PROFESSIONAL EXPERIENCE

Health Services Research Institute

Mar 2018 - Present

Healthcare Survey Research Specialist

- Designed and administered patient satisfaction surveys for various hospital departments.
- Utilized R for data analysis, identifying key areas for quality improvement.
- Collaborated with clinical teams to implement survey findings into practice.
- Facilitated focus groups with patients to gather qualitative insights.
- Presented research findings to senior management, influencing policy changes.
- Managed the survey lifecycle, from design to analysis and reporting.

Clinical Outcomes Group

Dec 2015 - Jan 2018

Research Associate

- Assisted in the development of surveys measuring patient-reported outcomes.
- Conducted data analysis using SPSS, contributing to peer-reviewed publications.
- Engaged with patients to ensure accurate data collection through interviews.
- Coordinated with healthcare providers to disseminate survey results.
- Monitored project timelines and deliverables, ensuring compliance with regulations.
- Provided training to staff on effective survey administration techniques.

ACHIEVEMENTS

- Improved patient satisfaction scores by 15% through targeted quality initiatives.
- Published research findings in a leading healthcare journal.
- Developed a best practices guide for survey administration in healthcare settings.
