**BACHELOR OF SCIENCE IN CIVIL
ENGINEERING, ENGINEERING
UNIVERSITY, 2010**

ACHIEVEMENTS

- Completed construction surveys for over 40 major projects with a 100% accuracy rate.
- Recognized for exemplary performance in project management by the National Construction Association in 2021.
- Developed a streamlined process that reduced survey turnaround time by 30%.

WORK EXPERIENCE

CONSTRUCTION SURVEYING CONSULTANT

BuildRight Surveying

2020 - 2025

- Oversaw site surveying for major construction projects, ensuring adherence to plans.
- Utilized total stations and 3D modeling software for precise measurements.
- Coordinated with contractors to align surveying tasks with construction schedules.
- Conducted quality assurance checks on survey data and results.
- Prepared comprehensive survey reports for project stakeholders.
- Developed training materials for junior surveyors on construction surveying techniques.

FIELD SURVEYOR

ConstructTech Solutions

2015 - 2020

- Executed field surveys to gather data for construction layouts.
- Assisted in the preparation of site plans and construction documents.
- Maintained surveying equipment to ensure operational readiness.
- Documented field findings and communicated results to project managers.
- Collaborated with engineering teams to resolve site-related issues.
- Participated in safety training sessions to uphold site safety standards.
