EXPERTISE SKILLS

- civil engineering
- surveying technology
- project management
- data analysis
- quality control
- CAD

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Civil Engineering, University of Southern California

MICHAEL ANDERSON

LEAD SURVEYING RESEARCH ANALYST

Dynamic and analytical Surveying Research Analyst with extensive experience in civil engineering and land surveying, totaling over 12 years. Expertise in utilizing advanced surveying equipment and technology to conduct precise measurements and analyses that inform engineering projects. Proven track record of managing multiple projects simultaneously while ensuring adherence to safety and quality standards.

PROFESSIONAL EXPERIENCE

Precision Land Surveyors

Mar 2018 - Present

Lead Surveying Research Analyst

- Managed surveying projects from conception through completion, ensuring adherence to timelines.
- Utilized total stations and GPS technology for accurate field data collection.
- Coordinated with civil engineers to integrate survey data into project designs.
- Conducted site assessments and prepared detailed survey reports.
- Implemented quality control measures to ensure data integrity.
- Mentored junior staff in surveying techniques and equipment operation.

Landmark Engineering

Dec 2015 - Jan 2018

Surveying Technician

- Assisted in the execution of field surveys for civil engineering projects.
- Collected and processed survey data for various land development initiatives.
- Utilized CAD software for drafting and preparing survey maps.
- Supported project managers in documentation and reporting tasks.
- Maintained surveying equipment and ensured readiness for field operations.
- Participated in safety training and compliance initiatives.

ACHIEVEMENTS

- Successfully completed over 50 surveying projects with zero safety incidents.
- Recognized for excellence in project management by the American Society of Civil Engineers.
- Improved surveying efficiency by implementing new data collection methodologies.
