SKILLS

- geospatial analysis
- remote sensing
- urban planning
- data visualization
- GIS
- community engagement

EDUCATION

BACHELOR OF SCIENCE IN GEOSPATIAL SCIENCE, UNIVERSITY OF WASHINGTON

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Played a key role in a project that improved urban resilience through better planning.
- Recognized for excellence in geospatial analysis by the Geospatial Society.
- Contributed to a study on the impact of urbanization on local ecosystems.

Michael Anderson

GEOSPATIAL SURVEYING ANALYST

Dedicated and analytical Surveying Research Analyst specializing in geospatial intelligence and land surveying with over 7 years of experience in the field. Demonstrates a profound understanding of spatial data acquisition and analysis, utilizing advanced technologies to support various sectors including urban planning and disaster management. Skilled in integrating geospatial data with socio-economic factors to inform decision-making processes.

EXPERIENCE

GEOSPATIAL SURVEYING ANALYST

GeoIntelligence Solutions

2016 - Present

- Conducted geospatial analyses to support urban planning initiatives.
- Utilized remote sensing technologies for data collection and analysis.
- Collaborated with government agencies to inform disaster management strategies.
- Prepared detailed analytical reports for stakeholder review.
- Developed geospatial models to simulate urban growth scenarios.
- Trained team members on geospatial analysis tools and methodologies.

SURVEYING ANALYST

City Planning Department

2014 - 2016

- Assisted in the execution of land surveys for city planning projects.
- Utilized GIS software to analyze and visualize spatial data.
- Collaborated with urban planners to assess land use and zoning regulations.
- Maintained accurate records of survey data for reporting purposes.
- Participated in community engagement events to discuss survey findings.
- Supported the development of mapping tools for public accessibility.
