EDUCATION

Bachelor of Science in Surveying Engineering

Texas A&M University
2016-2020

SKILLS

- land surveying
- data management
- electronic measuring devices
- CAD
- project support
- compliance

LANGUAGES

- English
- Spanish
- French

Proficient and detail-oriented Surveying Research Analyst with a solid foundation in land surveying and data management, bringing over 6 years of experience in the field. Focused on delivering precise survey data and analysis to support engineering and construction projects. Skilled in utilizing advanced surveying tools and software to ensure data accuracy and integrity.

💼 WORK EXPERIENCE

Surveying Research Analyst   2020-2023

Constructive Solutions

- Conducted land surveys to support construction projects and engineering designs.
- Utilized electronic measuring devices for accurate data collection.
- Prepared survey reports and documentation for project managers.
- Collaborated with engineering teams to ensure survey data met project specifications.
- Maintained surveying equipment and ensured compliance with safety standards.
- Assisted in training new employees on surveying techniques and protocols.

Junior Surveyor   2019-2020

BuildRight Construction

- Assisted in the execution of field surveys for residential construction projects.
- Collected and processed survey data using CAD software.
- Supported senior surveyors in preparing reports and documentation.
- Participated in safety training and compliance initiatives.
- Maintained accurate records of survey data for project reference.
- Engaged in ongoing professional development to enhance surveying skills.

★ ACHIEVEMENTS

- Successfully completed over 30 surveying projects with a 100% accuracy rate.
- Received the 'Rising Star Award' from the Texas Surveyors Association.
- Implemented a new data management system that improved project tracking efficiency.
