## **EXPERTISE SKILLS**

- Infrastructure Surveying
- Data Acquisition
- Laser Scanning
- Team Management
- Regulatory Compliance
- Project Delivery

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Bachelor of Science in Civil Engineering, Institute of DEF, 2017

# MICHAEL ANDERSON

## LEAD SURVEYOR

Highly skilled and analytical Surveyor specializing in infrastructure projects with a focus on transportation and civil engineering. Possesses comprehensive knowledge of surveying methodologies and an aptitude for utilizing state-of-the-art equipment to ensure project accuracy. Demonstrated success in leading field teams and managing logistics to optimize project workflows. Known for exceptional analytical abilities in interpreting survey data and formulating actionable insights for project enhancements.

## **PROFESSIONAL EXPERIENCE**

### **National Engineering Group**

*Mar 2018 - Present*

#### Lead Surveyor

- Oversaw surveying operations for major transportation infrastructure projects.
- Utilized advanced laser scanning technology for precise data acquisition.
- Coordinated with civil engineers to integrate survey data into design workflows.
- Managed field teams to ensure efficient data collection and safety compliance.
- Reviewed and validated survey data for accuracy and completeness.
- Delivered presentations to stakeholders on project progress and findings.

### **Urban Infrastructure Solutions**

*Dec 2015 - Jan 2018*

#### Surveyor

- Conducted boundary and topographic surveys for civil engineering projects.
- Employed GPS and total station equipment for data collection.
- Assisted in the preparation of survey reports for regulatory compliance.
- Collaborated with multidisciplinary teams to ensure project alignment.
- Maintained accurate records of survey data and project documentation.
- Participated in site meetings to discuss project requirements and updates.

## **ACHIEVEMENTS**

- Successfully managed surveying operations for a \$10M transportation project.
- Improved project workflow efficiency by 20% through effective team coordination.
- Recognized for outstanding contributions to project safety and quality assurance.
