Strategic Sustainable Dairy Specialist with a focus on research and development in sustainable dairy technologies. Over 11 years of experience in the dairy industry, specializing in the development of innovative technologies that enhance sustainability in dairy operations. Skilled in conducting applied research and collaborating with academic institutions to drive advancements in dairy farming practices.

## WORK EXPERIENCE

### Research Scientist | Innovative Dairy Technologies

Jan 2022 – Present

- Conducted research on sustainable dairy farming technologies.
- Developed prototypes for energy-efficient dairy equipment.
- Collaborated with universities on research projects.
- Secured funding for sustainability research initiatives.
- Presented research findings at industry conferences.
- Published articles in peer-reviewed journals on dairy innovation.

### Project Manager | Sustainable Dairy Research Institute

Jul 2019 – Dec 2021

- Managed projects focused on sustainable dairy technologies.
- Coordinated research teams to develop new dairy farming solutions.
- Monitored project budgets and timelines to ensure completion.
- Engaged with stakeholders to identify research needs.
- Prepared reports on project outcomes for funding agencies.
- Facilitated workshops to disseminate research findings.

## SKILLS

Research and Development

Project Management

Sustainable Technologies

Grant Writing

Collaboration

Data Analysis

## EDUCATION

### Ph.D. in Dairy Science

2010

University of Wisconsin

## ACHIEVEMENTS

- Secured over \$1 million in funding for sustainable dairy research.
- Developed a patented technology for energy-efficient dairy production.
- Published multiple articles in leading scientific journals on dairy innovation.
