- San Francisco, CA

### EDUCATION

**Doctor of Philosophy in Forestry**  
University of Florida  
2016-2020

### SKILLS

- climate change adaptation
- research analysis
- stakeholder engagement
- curriculum development
- public speaking
- interdisciplinary collaboration

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Climate Change Forestry Researcher

2020-2023

Climate Action Network

- Conducted research on the effects of climate change on forest health and productivity.
- Developed adaptive management plans to mitigate climate impacts.
- Engaged with policymakers to advocate for forestry-related climate initiatives.
- Published findings in leading environmental journals to influence practice.
- Collaborated with scientists on interdisciplinary climate research projects.
- Presented research outcomes at international climate summits.

#### Sustainable Forestry Educator

2019-2020

Forest Education Institute

- Developed curriculum focused on sustainable forestry practices for students.
- Conducted workshops and seminars to raise awareness about climate change.
- Partnered with local schools to implement hands-on forestry projects.
- Engaged community members in discussions about forestry and climate change.
- Organized field trips to demonstrate sustainable forestry techniques.
- Evaluated program effectiveness and made recommendations for improvement.

### ACHIEVEMENTS

- Secured \$250,000 in grants for climate change research projects.
- Published influential papers on climate-smart forestry practices.
- Recognized as an emerging leader in forestry education by national organizations.
