MICHAEL ANDERSON

OPERATIONS MANAGER

A dedicated Swine Production Specialist with 8 years of experience in operational management and animal husbandry, focusing on enhancing productivity through effective herd management practices. Demonstrates a strong commitment to animal welfare and sustainable agriculture, utilizing best practices to ensure ethical treatment of livestock. Proven ability to implement biosecurity measures that safeguard herd health and reduce disease transmission.

PROFESSIONAL EXPERIENCE

Livestock Enterprises LLC

Mar 2018 - Present

Operations Manager

- Managed daily operations of a 3,000-head swine farm, ensuring compliance with industry standards.
- Implemented biosecurity protocols that reduced disease outbreaks by 50%.
- Trained farm staff on animal husbandry and welfare practices.
- Conducted regular audits to assess operational efficiency and compliance.
- Coordinated with veterinarians to monitor herd health and implement treatment plans.
- Developed resource allocation strategies that improved cost-effectiveness.

Sunny Acres Farm

Dec 2015 - Jan 2018

Herd Health Technician

- Monitored animal health through regular assessments and veterinary consultations.
- Implemented vaccination schedules that improved herd immunity.
- Maintained accurate health records for compliance and reporting purposes.
- Facilitated staff training on health monitoring techniques.
- Managed feed inventory to ensure quality and availability.
- Collaborated with farm management to enhance animal welfare initiatives.

ACHIEVEMENTS

- Increased herd productivity by 20% through effective management practices.
- Awarded for excellence in animal welfare initiatives by local agricultural organizations.
- Successfully reduced feed costs by 15% through efficient resource management.
