EDUCATION

Master of Arts in Language Education

University of Polyglots
2016-2020

SKILLS

- Language Acquisition
- Curriculum Development
- Immersive Learning
- Data Analysis
- Intercultural Competence
- Educational Technology

LANGUAGES

- English
- Spanish
- French

Innovative Teaching Researcher specializing in language education with over 6 years of experience in the field. My research focuses on the effectiveness of immersive language learning techniques and their impact on student fluency and retention. I am committed to finding new ways to engage language learners through technology and interactive methodologies.

💼 WORK EXPERIENCE

Language Researcher
2020-2023

Global Language Institute

- Conducted research on the impact of immersive techniques in language acquisition.
- Developed curriculum materials that integrate cultural context into language learning.
- Utilized technology to enhance student engagement in language courses.
- Analyzed student performance data to refine teaching strategies.
- Presented findings at international language education conferences.
- Collaborated with educators to design interdisciplinary language programs.

Teaching Researcher
2019-2020

City Language School

- Implemented research findings into teaching practices to improve student outcomes.
- Designed and facilitated workshops for language educators on best practices.
- Engaged students in research projects related to language learning.
- Analyzed student feedback to improve program offerings.
- Published articles on language learning methodologies in academic journals.
- Participated in curriculum development to enhance language programs.

★ ACHIEVEMENTS

- Increased student fluency rates by 40% through innovative teaching practices.
- Recipient of the 'Best Language Program' award from the International Language Association.
- Published multiple research articles in leading language education journals.
