EDUCATION

Master of Science in Artificial Intelligence

Future Tech University
2016-2020

SKILLS

- Artificial Intelligence
- Curriculum Design
- Project-Based Learning
- Programming
- Collaboration
- Continuous Improvement

LANGUAGES

- English
- Spanish
- French

Innovative Technical Course Instructor with over 4 years of experience focused on teaching artificial intelligence and machine learning. Adept at creating engaging and informative curriculum that blends theoretical knowledge with practical application. Passionate about developing students' critical thinking and problem-solving skills through real-world projects and collaborative learning experiences. Experienced in utilizing various programming frameworks and tools to enhance student understanding and application of AI concepts.

💼 WORK EXPERIENCE

AI and Machine Learning Instructor   2020-2023

AI Academy

- Developed and delivered courses on machine learning algorithms and AI applications.
- Implemented hands-on labs that enabled students to build AI models and applications.
- Collaborated with industry experts to bring current trends into the classroom.
- Utilized project-based assessments to measure student understanding and engagement.
- Facilitated peer reviews to encourage constructive feedback and improvement.
- Organized hackathons to foster creativity and innovation among students.

Technical Trainer   2019-2020

Tech Innovators

- Conducted training sessions on AI tools and frameworks for corporate clients.
- Developed interactive training materials that increased learner engagement by 50%.
- Evaluated training effectiveness through surveys and assessments.
- Facilitated group discussions to enhance understanding of complex AI topics.
- Provided resources for continuous learning post-training.
- Engaged with tech communities to keep training relevant and impactful.

⭐ ACHIEVEMENTS

- Successfully guided over 100 students in AI and machine learning projects.
- Recognized for innovative teaching strategies with the 'Teaching Excellence Award' in 2022.
- Contributed to the development of an online AI certification program with industry partners.
