### EDUCATION

**BACHELOR OF SCIENCE IN COMPUTER SCIENCE, TECH UNIVERSITY, 2014**

### ACHIEVEMENTS

- Recognized for outstanding instructional delivery by receiving the 'Instructor of the Year' award.
- Increased course completion rates by 25% through enhanced engagement strategies.
- Spearheaded a community initiative that provided free coding classes to local high school students.

### PROFILE

I am a dedicated Technical Curriculum Instructor with over 6 years of hands-on experience in the field of IT training and educational program development. My expertise lies in creating and delivering technical content that bridges the gap between theory and practice, catering to both beginners and advanced learners.

### EXPERIENCE

#### TECHNICAL CURRICULUM SPECIALIST

##### Digital Skills Academy

*2016 - Present*

- Developed and implemented a series of workshops focused on emerging technologies, resulting in a 50% increase in participant enrollment.
- Created interactive online modules that improved learner retention rates by 30%.
- Facilitated hands-on training sessions, allowing students to apply concepts in real-world scenarios.
- Evaluated the effectiveness of training programs through student feedback and performance assessments.
- Collaborated with industry partners to ensure curriculum relevance and alignment with job market demands.
- Enhanced the instructor training program, improving teaching effectiveness across the board.

#### INSTRUCTOR AND CURRICULUM DEVELOPER

##### Future Tech Academy

*2014 - 2016*

- Designed and executed a comprehensive curriculum for coding and programming courses, leading to a 60% increase in student satisfaction ratings.
- Implemented a peer mentoring program that paired experienced students with newcomers, boosting retention rates.
- Organized hackathons and coding competitions to encourage hands-on learning and collaboration.
- Analyzed course outcomes and made data-driven decisions to improve curriculum effectiveness.
- Engaged in community outreach to promote technology education among underrepresented groups.
- Mentored students in resume building and interview preparation for tech-related positions.
