MICHAEL ANDERSON

EDUCATIONAL TECHNOLOGY SPECIALIST

With a solid foundation in both technical and educational fields, I have spent the last 12 years as a Technical Education Consultant focused on K-12 education. My career has been dedicated to integrating technology effectively into classrooms to enhance student learning and engagement. I have a unique ability to communicate complex technical concepts to educators and students alike, making the adoption of new technologies seamless.

PROFESSIONAL EXPERIENCE

FutureClassrooms

Mar 2018 - Present

Educational Technology Specialist

- Implemented interactive whiteboards in over 100 classrooms, resulting in a 30% increase in student participation.
- Trained teachers on effective technology integration, receiving positive feedback from 95% of participants.
- Developed a resource website for teachers, providing access to technology tools and best practices.
- Conducted classroom observations to provide feedback and support to educators in real time.
- Collaborated with IT staff to troubleshoot technical issues, ensuring minimal disruption to learning.
- Led a project that incorporated coding into the curriculum for grades 3-5, improving student interest in STEM subjects.

School District of Innovation

Dec 2015 - Jan 2018

Technology Integration Coach

- Coached over 50 teachers on integrating technology into their lesson plans, boosting tech utilization by 40%.
- Facilitated workshops on digital citizenship and responsible technology use.
- Designed and implemented a district-wide tech support system for teachers.
- Created video tutorials to assist educators with new software and tools.
- Analyzed student performance data to guide instructional improvements.
- Supported the rollout of a 1-to-1 device program, enhancing student access to learning resources.

ACHIEVEMENTS

- Received the 'Excellence in Teaching Award' from the state educational board in 2019.
- Successfully implemented a grant-funded project that provided tablets to low-income students.
- Recognized for creating a model program for technology integration adopted by other districts.
