Passionate Technical Education Facilitator with a strong emphasis on youth education and over 5 years of experience in teaching technology to high school students. My mission is to inspire the next generation of tech leaders by providing them with the skills and knowledge they need to thrive in a digital world.

WORK EXPERIENCE

Technology Instructor | Innovative High School   Jan 2022 – Present

- Designed and implemented a technology curriculum that increased student engagement by 50%.
- Facilitated hands-on projects that encouraged creativity and problem-solving.
- Organized after-school coding clubs to promote interest in technology careers.
- Collaborated with local businesses to provide students with real-world project opportunities.
- Conducted assessments to measure student progress and adapt teaching strategies accordingly.
- Mentored students in developing their own tech projects for competitions and showcases.

Youth Technology Facilitator | Future Leaders Academy   Jul 2019 – Dec 2021

- Developed and delivered technology workshops for middle school students.
- Utilized interactive tools to enhance learning experiences and engagement.
- Created a mentorship program that paired students with local tech professionals.
- Organized hackathons to encourage collaboration and innovation among participants.
- Evaluated workshop effectiveness through student feedback and performance metrics.
- Collaborated with educators to integrate technology into the broader curriculum.

SKILLS

Youth Education   Project-Based Learning   Curriculum Development   Mentorship   Technology Workshops

Student Engagement
