EDUCATION

BACHELOR OF SCIENCE IN CLOUD COMPUTING, UNIVERSITY OF CLOUD TECHNOLOGIES, 2011

ACHIEVEMENTS

- Achieved a 95% student satisfaction rate in course evaluations.
- Launched a cloud certification preparation course with a 90% passing rate.
- Presented at national conferences on trends in cloud education.

As a passionate Technical Instructor with over 9 years of experience in the field of cloud computing, I have dedicated my career to educating and empowering students in the latest cloud technologies. My journey began in IT infrastructure, where I developed a deep understanding of networking and server management. Transitioning to education, I focus on creating a dynamic learning environment that combines theoretical knowledge with practical skills.

WORK EXPERIENCE

CLOUD TECHNOLOGY INSTRUCTOR
Cloud Academy

2020 - 2025

- Developed and delivered cloud computing courses aligned with industry standards.
- Implemented hands-on labs to facilitate practical understanding of cloud services.
- Conducted assessments that improved student learning outcomes by 25%.
- Collaborated with cloud service providers to ensure curriculum accuracy.
- Mentored students in preparing for industry-recognized certifications.
- Organized webinars on emerging cloud technologies to enhance student knowledge.

IT INSTRUCTOR
Tech Training Center
