# Michael Anderson

## MOBILE APPLICATION DEVELOPMENT INSTRUCTOR

I am a highly motivated Technical Instructor with over 7 years of experience in the field of mobile application development. My background includes extensive work in software engineering, where I specialized in developing mobile applications for Android and iOS platforms. Transitioning into education, I focus on providing students with the skills necessary to thrive in the fast-paced tech industry.

## EXPERIENCE

### MOBILE APPLICATION DEVELOPMENT INSTRUCTOR

App Academy

2016 - Present

- Designed and delivered comprehensive courses on mobile app development.
- Utilized project-based learning to enhance student engagement and skill acquisition.
- Conducted code reviews to provide constructive feedback on student projects.
- Collaborated with industry professionals to incorporate current trends in mobile technology.
- Mentored students through the app development process from ideation to deployment.
- Organized showcase events for students to present their applications to potential employers.

### SOFTWARE DEVELOPMENT TRAINER

Tech Innovators Institute

2014 - 2016

- Delivered workshops on mobile development tools and frameworks.
- Created engaging learning materials that improved student understanding by 40%.
- Facilitated hackathons to promote teamwork and innovation among students.
- Developed evaluation methods to assess student performance effectively.
- Participated in local tech meetups to network and share knowledge.
- Engaged in continuous learning to stay abreast of mobile development trends.
