- French

Creative Technical Learning Coach with over 9 years of experience in the software development industry. I specialize in training teams on agile methodologies, software tools, and best coding practices. My goal is to empower developers with the skills and knowledge needed to thrive in a fast-paced environment. I excel at creating engaging training materials that cater to various learning styles, ensuring that all team members can grasp complex concepts effectively.

WORK EXPERIENCE

Agile Coach
CodeMasters Inc.
2020-2023

- Developed and implemented agile training programs for over 200 software developers.
- Conducted workshops that improved team collaboration and project delivery timelines by 25%.
- Created instructional content that simplified complex software development concepts.
- Utilized feedback to continually refine training materials, ensuring relevance and effectiveness.
- Facilitated retrospectives that encouraged team reflection and continuous improvement.
- Collaborated with cross-functional teams to align training with project goals.

Software Development Trainer
Tech Solutions Group
2019-2020

- Designed and delivered technical training programs on coding best practices to new hires.
- Implemented a mentorship program that paired junior developers with senior staff, enhancing skill development.
- Created a digital library of coding resources that increased accessibility for all team members.
- Facilitated coding boot camps that improved overall team performance metrics.
- Assessed training outcomes and adjusted content based on participant feedback.
- Promoted a culture of knowledge sharing through regular lunch-and-learn sessions.

ACHIEVEMENTS

- Increased team productivity by 40% through targeted training initiatives.
- Awarded 'Best Trainer' by the Software Development Association in 2021.
- Developed a training program that became a model for other departments within the organization.
