MICHAEL ANDERSON

JUNIOR TECHNICAL INSTRUCTOR

I am a passionate Technical Program Instructor with over 5 years of experience in teaching programming languages and software development fundamentals. My journey began in web development, where I discovered my love for teaching others how to code. I believe in creating an interactive learning environment that encourages students to experiment and learn through trial and error.

PROFESSIONAL EXPERIENCE

Code Academy   *Mar 2018 - Present*
Junior Technical Instructor

- Delivered engaging lessons on HTML, CSS, and JavaScript to beginner students.
- Created hands-on projects that allowed students to apply their skills in real scenarios.
- Provided one-on-one support to students struggling with coding concepts.
- Utilized feedback from students to enhance course materials and delivery methods.
- Collaborated with senior instructors to develop best practices for teaching programming.
- Achieved a 90% course completion rate among students.

Local Community College   *Dec 2015 - Jan 2018*
Teaching Assistant

- Supported lead instructors in delivering technical courses to adult learners.
- Assisted in the development of instructional materials and assessments.
- Facilitated study groups to improve student understanding of programming concepts.
- Conducted tech workshops that introduced new tools and technologies.
- Helped organize community events to promote coding education.
- Provided feedback on course effectiveness, contributing to curriculum improvements.

ACHIEVEMENTS

- Contributed to a 20% increase in student enrollment through outreach initiatives.
- Recognized for outstanding contributions to student success and engagement.
- Implemented a peer mentor program that improved student confidence in coding.
