# Michael Anderson

## SENIOR TECHNICAL INSTRUCTOR

As a dedicated Technical Program Instructor with over 8 years of experience, I have been committed to empowering students through technology education. My journey began as a software engineer, which provided me with a strong foundation in technical skills. Transitioning into education, I have developed a unique teaching philosophy that emphasizes hands-on learning and real-world applications.

## EXPERIENCE

### SENIOR TECHNICAL INSTRUCTOR

Digital Skills Academy

2016 - Present

- Developed and taught courses on mobile app development and UX design.
- Utilized feedback from students to enhance course effectiveness and engagement.
- Organized hackathons that allowed students to showcase their projects.
- Collaborated with industry partners to provide students with real-world experiences.
- Implemented assessment tools to measure student progress and success.
- Achieved a 92% student satisfaction rate through innovative teaching practices.

### TECHNICAL SKILLS TRAINER

Skill Development Center

2014 - 2016

- Conducted workshops on programming languages and software development best practices.
- Created instructional materials that addressed various learning styles and needs.
- Facilitated group discussions to encourage peer-to-peer learning.
- Monitored student performance and provided tailored support as needed.
- Designed a resource portal for students to access learning materials anytime.
- Enhanced course offerings, leading to a 25% increase in enrollment.
