SKILLS

- Process automation
- Equipment maintenance
- Training delivery
- Safety compliance
- Data analysis
- Continuous improvement

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
MECHANICAL ENGINEERING FROM
TECH UNIVERSITY**

ACHIEVEMENTS

- Received 'Best Innovator' award for outstanding contributions to process optimization.
- Successfully reduced operational costs by 18% through automation initiatives.
- Led a training program that resulted in a 50% reduction in operator errors on the production line.

WORK EXPERIENCE

AUTOMATION ENGINEER

Precision Manufacturing Inc.

2020 - 2025

- Developed and implemented automation solutions that increased production efficiency by 25%.
- Conducted training sessions for operators on new automated systems, improving safety compliance by 30%.
- Collaborated with engineers to troubleshoot equipment issues, reducing downtime by 20%.
- Created process documentation and training manuals for operational best practices.
- Implemented predictive maintenance strategies, extending equipment lifespan by 15%.
- Analyzed production data to identify trends and areas for process improvement.

TECHNICAL TRAINER

Global Manufacturing Solutions

2015 - 2020

- Designed and delivered technical training programs for over 200 employees on equipment operation and safety.
- Evaluated and updated training materials based on feedback to enhance learning outcomes.
- Conducted on-the-job training sessions that improved operator efficiency by 40%.
- Worked with safety teams to ensure compliance with industry regulations and standards.
- Facilitated workshops that promoted a culture of safety and continuous improvement.
- Assisted in developing a mentorship program for new hires, improving onboarding experiences.
