SKILLS

- Coding Instruction
- Project-Based Learning
- Robotics
- Game Development
- Student Engagement
- Mentorship

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE FROM UNIVERSITY OF INNOVATION, 2015

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Recognized as 'Outstanding Educator' by Future Coders Academy, 2021.
- Successfully led 5 coding camps with over 300 student participants.
- Implemented a mentorship program that improved student interest in STEM fields by 40%.

Michael Anderson

CODING INSTRUCTOR

Innovative Technical Workshop Instructor with a strong background in coding and software engineering, dedicated to fostering a passion for technology among young learners. With over 7 years of experience, I specialize in teaching coding languages and software development practices to middle and high school students. My workshops emphasize hands-on learning, encouraging students to create their own projects and collaborate on coding challenges.

EXPERIENCE

CODING INSTRUCTOR

Future Coders Academy

2016 - Present

- Designed and delivered coding workshops for students aged 10-18.
- Created engaging project-based learning experiences that fostered creativity.
- Utilized platforms like Scratch and Python to teach fundamental programming concepts.
- Organized hackathons that encouraged teamwork and problem-solving skills.
- Provided constructive feedback on student projects to enhance their learning.
- Achieved a 100% completion rate among participants in summer coding camps.

TECHNICAL WORKSHOP FACILITATOR

Tech Explorers Club

2014 - 2016

- Conducted workshops on robotics and game development for high school students.
- Developed learning materials that increased student engagement by 35%.
- Facilitated collaborative projects that resulted in a showcase event for parents.
- Implemented feedback loops to improve workshop content and delivery.
- Encouraged students to explore technology careers through mentorship.
- Promoted a culture of innovation and creativity among participants.
