Michael
ANDERSON

HEALTH IT PROJECT MANAGER

I am a results-oriented Technology Innovation Specialist with a strong background in healthcare technology and over 8 years of experience in improving patient care through innovative solutions. My journey in the field has been driven by a commitment to harnessing technology to solve real-world healthcare challenges. I have developed and implemented systems that enhance operational workflows, improve patient engagement, and ensure compliance with healthcare regulations.

WORK EXPERIENCE

HEALTH IT PROJECT MANAGER
CareTech Solutions

2020 - 2025

- Managed the implementation of an electronic health record system that improved patient data accessibility.
- Collaborated with healthcare providers to identify technology needs and develop tailored solutions.
- Conducted training sessions for staff on new technology systems, enhancing user adoption rates.
- Analyzed project performance metrics to recommend process improvements.
- Developed project timelines and budgets, ensuring adherence to deadlines and financial constraints.
- Facilitated communication between IT and clinical teams to align goals and objectives.

CLINICAL INFORMATICS SPECIALIST
HealthFirst Corp.

2015 - 2020

- Worked with clinical staff to implement technology solutions that improved patient workflows by 25%.
- Conducted assessments of existing systems to identify opportunities for enhancement.
- Created documentation and training materials for new technology implementations.
- Collaborated with IT teams to ensure compliance with healthcare regulations.
- Facilitated stakeholder meetings to gather feedback on technology usage and performance.
- Monitored industry trends to recommend innovative solutions for patient care improvement.
