- English
- Spanish
- French

WORK EXPERIENCE

Technology Implementation Analyst

2020-2023

AutoTech Innovations

- Led the implementation of Industry 4.0 technologies that enhanced manufacturing efficiency by 25%.
- Collaborated with cross-functional teams to optimize supply chain processes.
- Conducted data analysis to identify cost-saving opportunities in production.
- Facilitated training sessions for staff on new technological advancements.
- Managed relationships with technology vendors to ensure timely delivery of solutions.
- Developed project documentation to support technology initiatives.

Manufacturing Analyst

2019-2020

Car Solutions Inc.

- Analyzed production data to identify trends and inform technology strategy.
- Supported the rollout of new manufacturing technologies that improved output.
- Participated in process improvement initiatives to enhance operational efficiency.
- Engaged with engineering teams to assess the impact of technology on production.
- Assisted in the development of training materials for new technology adoption.
- Coordinated with suppliers to ensure quality technology solutions.

ACHIEVEMENTS

- Achieved a 15% reduction in production costs through technology optimization.
- Recognized for outstanding contributions to a project that improved manufacturing processes.
- Contributed to a technology initiative that enhanced product quality and customer satisfaction.
