Innovative Thesis Advisor with a focus on public health, bringing over 6 years of dedicated experience in mentoring students. My background in health sciences allows me to provide valuable insights into research methodologies and public health issues. I am committed to fostering a collaborative learning environment that encourages students to explore critical health questions and develop effective research strategies.

💼 WORK EXPERIENCE

Thesis Advisor   2020-2023

School of Public Health

- Mentored students in developing thesis topics related to community health.
- Facilitated workshops on public health research methodologies.
- Guided students in analyzing health data for thesis projects.
- Organized community engagement initiatives to enhance research impact.
- Provided feedback on thesis drafts to improve research quality.
- Collaborated with public health organizations for student projects.

Research Assistant   2019-2020

Health Research Institute

- Conducted literature reviews for ongoing public health studies.
- Assisted in the collection and analysis of health data.
- Collaborated with researchers on grant proposals for funding.
- Presented research findings at conferences, increasing visibility.
- Engaged in community outreach programs to promote health awareness.
- Maintained accurate records of research activities and outcomes.

⭐ ACHIEVEMENTS

- Contributed to a published study in a leading public health journal.
- Received recognition for outstanding research mentorship in 2021.
- Helped students secure funding for 3 community health projects.
