MICHAEL ANDERSON

HISTORICAL TIMBER FRAMER

Dedicated timber framer with a specialty in restoration and preservation of historical timber structures. With over 12 years of hands-on experience, demonstrates profound knowledge of traditional framing techniques, ensuring that historical integrity is maintained while meeting modern safety standards. Recognized for meticulous attention to detail and a strong commitment to craftsmanship, which has resulted in successful restorations of numerous landmark buildings.

PROFESSIONAL EXPERIENCE

Heritage Restoration Group

Mar 2018 - Present

Historical Timber Framer

- Restored over 30 historical timber buildings, preserving architectural integrity and craftsmanship.
- Conducted thorough assessments of structural damage to develop comprehensive restoration plans.
- Utilized traditional tools and methods to replicate original framing techniques.
- Collaborated with historians and architects to ensure compliance with preservation standards.
- Trained junior craftsmen in historical restoration techniques.
- Documented restoration processes for future reference and educational purposes.

Timber Heritage Inc.

Dec 2015 - Jan 2018

Timber Framer

- Contributed to the construction of timber frames for several museum installations.
- Participated in community workshops to educate the public about traditional timber framing.
- Implemented quality assurance measures, ensuring high standards of craftsmanship.
- Maintained safety protocols, resulting in zero accidents during projects.
- Assisted in the development of preservation guidelines for timber structures.
- Worked closely with project managers to streamline operations and enhance workflow.

ACHIEVEMENTS

- Awarded 'Timber Conservationist of the Year' by the National Preservation Society in 2019.
- Successfully restored the oldest timber building in the state, gaining local recognition.
- Published articles on timber preservation techniques in industry journals.
