EDUCATION

BACHELOR OF SCIENCE IN URBAN STUDIES, UNIVERSITY OF ILLINOIS, 2012

ACHIEVEMENTS

- Recognized for outstanding contribution to a regional transportation project that improved traffic flow by 25%.
- Developed a community engagement framework that increased public participation by over 40%.
- Authored a policy paper on sustainable urban development adopted by the county board.

PROFILE

Dynamic and results-oriented Town Planning Officer with extensive experience in public policy and land use planning. Demonstrating an exceptional ability to balance community needs with environmental sustainability, this professional excels in drafting effective land use policies and engaging various stakeholders. With a strong foundation in urban economics and demographic analysis, the candidate effectively leverages data to drive strategic planning initiatives.

EXPERIENCE

TOWN PLANNING MANAGER

Metropolitan Planning Organization

2016 - Present

- Oversaw the development and implementation of regional transportation plans.
- Collaborated with governmental agencies to secure funding for major infrastructure projects.
- Conducted demographic studies to inform land use decisions.
- Managed public engagement initiatives to gather community input on planning processes.
- Developed policies that promote sustainable land use practices.
- Reviewed and approved development proposals to ensure compliance with regional standards.

ASSISTANT PLANNER

County Planning Department

2014 - 2016

- Assisted in drafting comprehensive land use plans and policies.
- Conducted site evaluations and prepared reports for zoning applications.
- Facilitated community workshops to educate the public on planning initiatives.
- Analyzed zoning codes and recommended updates to enhance community development.
- Engaged with developers to ensure alignment with community goals.
- Supported the planning team in project management and documentation.
