

MICHAEL ANDERSON

Pediatric TCM Practitioner

Experienced Traditional Chinese Medicine Practitioner with a specialty in pediatric care, offering over 9 years of experience in treating children and adolescents with TCM modalities. I am passionate about promoting health and wellness from an early age and have worked extensively with families to educate them on the benefits of TCM.

WORK EXPERIENCE

Pediatric TCM Practitioner 2020-2023

Kids Wellness Center

- Provided TCM consultations and treatments specifically for children and adolescents.
- Administered pediatric acupuncture, achieving a 95% satisfaction rate among parents.
- Developed educational programs for families on TCM and child wellness.
- Collaborated with pediatricians to create integrated treatment plans.
- Monitored patient progress and adjusted treatments based on individual needs.
- Organized health fairs focused on children's health, attracting over 150 families.

TCM Consultant 2019-2020

Family Health Clinic

- Provided consultations for families seeking TCM treatments for childhood ailments.
- Developed herbal remedies tailored for common pediatric conditions.
- Conducted workshops for parents on TCM practices for children's health.
- Engaged in community outreach to promote TCM benefits for families.
- Collaborated with local schools to provide wellness education for children.
- Monitored treatment efficacy and made necessary adjustments based on feedback.

ACHIEVEMENTS

- Recognized for excellence in pediatric care by the Local Health Association in 2020.
- Increased family engagement in wellness workshops by 40% through interactive programming.
- Published a guide on TCM for children's health, distributed to local clinics.
