Michael Anderson

LEAD TRADITIONAL MEDICINE PRACTITIONER

Experienced Traditional Medicine Practitioner with over 15 years in the field, specializing in the treatment of chronic illnesses through a combination of traditional and complementary therapies. I have a deep respect for the principles of traditional medicine and strive to integrate them with evidence-based practices to provide the best care for my patients.

EXPERIENCE

LEAD TRADITIONAL MEDICINE PRACTITIONER

Chronic Care Center
2016 - Present

- Develop and oversee treatment protocols for chronic illness management.
- Utilize a combination of herbal medicine and acupuncture for effective patient care.
- Conduct patient education sessions to empower individuals in their health journey.
- Collaborate with multidisciplinary teams for comprehensive patient care.
- Maintain detailed patient records and track health outcomes.
- Research and implement new treatment modalities based on the latest evidence.
