SKILLS

- Traffic management
- Project leadership
- Safety analysis
- Stakeholder engagement
- Budget management
- Presentation skills

LANGUAGES

- English
- Spanish
- French

EDUCATION

**MASTER OF SCIENCE IN
TRANSPORTATION ENGINEERING,
UNIVERSITY OF METROPOLIS**

ACHIEVEMENTS

- Successfully reduced travel times on major routes by implementing advanced traffic signals.
- Recognized for excellence in project management by industry peers.
- Authored a white paper on traffic safety that was published in a national engineering journal.

WORK EXPERIENCE

LEAD TRAFFIC ENGINEER

Greenway Transportation Solutions
2020 - 2025

- Directed a team of engineers in the design of a major highway expansion project.
- Implemented traffic control plans that reduced work zone accidents by 50%.
- Engaged with stakeholders to assess and address community traffic concerns.
- Utilized traffic modeling software to optimize signal timings across the project area.
- Conducted field assessments to identify safety improvements for aging infrastructure.
- Presented project updates to city officials and the public, ensuring transparency.

SENIOR TRAFFIC ENGINEER

Metro City Engineering
2015 - 2020

- Oversaw traffic studies for urban redevelopment projects, improving mobility by 20%.
- Developed innovative solutions for pedestrian and cyclist safety along busy corridors.
- Collaborated with city planners to integrate transportation and land use policies.
- Managed budgets and schedules for multiple concurrent projects.
- Presented findings to various stakeholders, fostering collaborative decision-making.
- Trained junior staff on traffic engineering principles and software applications.
