# MICHAEL ANDERSON

## TRAFFIC SAFETY COORDINATOR

Strategic and forward-thinking Traffic Planning Officer with a robust background in traffic safety analysis and urban mobility solutions. Expertise in utilizing advanced technologies and data analytics to inform decision-making and enhance transportation systems. Proven track record in collaborating with diverse stakeholders to develop comprehensive traffic management plans that prioritize public safety and promote environmental sustainability.

## **PROFESSIONAL EXPERIENCE**

### **State Department of Transportation**

*Mar 2018 - Present*

Traffic Safety Coordinator

- Designed and implemented traffic safety programs that led to a significant decrease in roadway fatalities.
- Conducted risk assessments for high-traffic corridors, recommending actionable safety improvements.
- Collaborated with law enforcement agencies to enhance traffic enforcement strategies.
- Organized community workshops to educate the public on traffic safety and best practices.
- Analyzed accident reports to identify trends and develop targeted interventions.
- Prepared comprehensive reports for state government on traffic safety initiatives and outcomes.

### **City of Greenfield**

*Dec 2015 - Jan 2018*

Urban Traffic Planner

- Conducted detailed traffic studies to assess the impact of urban redevelopment projects.
- Utilized data visualization tools to present traffic analysis findings to city officials.
- Collaborated with urban planners to incorporate traffic considerations into land use planning.
- Engaged with community stakeholders to gather input on transportation needs and preferences.
- Developed traffic management strategies that improved pedestrian safety in urban areas.
- Monitored ongoing transportation projects to ensure compliance with safety regulations.

## **ACHIEVEMENTS**

- Implemented a traffic safety campaign that resulted in a 40% reduction in pedestrian accidents.
- Received a commendation for outstanding service from the State Traffic Safety Board.
- Published research on traffic safety improvements in urban environments.
