- French

EDUCATION

**DIPLOMA IN ELECTRICAL
TECHNOLOGY, TECHNICAL INSTITUTE,
2011**

ACHIEVEMENTS

- Led a team that successfully completed a major transmission upgrade project under budget and ahead of schedule.
- Recognized for outstanding leadership with the 'Exemplary Service Award' in 2021.
- Implemented a new safety protocol that resulted in a 40% reduction in workplace incidents.

Results-oriented Transmission Line Technician with a decade of comprehensive experience in high-voltage power systems and a strong emphasis on operational excellence. Demonstrates exceptional technical acumen in the installation, testing, and maintenance of transmission lines, ensuring optimal performance and safety. Proven leadership capabilities in managing teams and projects, with a focus on meeting strict deadlines and budgetary constraints.

WORK EXPERIENCE

TRANSMISSION LINE TECHNICIAN SUPERVISOR

Electric Utility Services

2020 - 2025

- Supervised the installation and maintenance of transmission lines across multiple service areas.
- Conducted performance evaluations and provided constructive feedback to team members.
- Managed project budgets and timelines to ensure successful project delivery.
- Utilized diagnostic tools to assess system performance and implement corrective measures.
- Developed safety training programs to enhance team awareness and compliance.
- Coordinated with regulatory agencies to ensure adherence to industry standards.

TRANSMISSION LINE TECHNICIAN

City Power Distribution

2015 - 2020

- Performed maintenance and repair work on high-voltage transmission lines.
- Executed safety protocols during installation and maintenance activities.
- Documented work performed and reported on system status and issues.
- Collaborated with engineering teams to assess system upgrades and modifications.
- Participated in training sessions to enhance technical knowledge and skills.
- Engaged in community education initiatives regarding electrical safety.
