PROFILE

Dynamic Transport Strategy Consultant with a robust background in public sector transportation planning and policy development. Expertise in analyzing complex transportation networks, identifying gaps, and formulating actionable strategies that enhance mobility and accessibility. Proficient in stakeholder negotiations, ensuring that community needs are met while adhering to budget constraints. Strong analytical skills, leveraging qualitative and quantitative data to support strategic recommendations.

EXPERIENCE

TRANSPORT POLICY ADVISOR

City of New York Department of Transportation

2016 - Present

- Developed and implemented citywide transport policies to improve public transit efficiency.
- Conducted feasibility studies for new transit projects, including cost-benefit analyses.
- Engaged with community stakeholders to gather input on transport initiatives.
- Collaborated with city planners to integrate sustainable transport solutions into urban development.
- Prepared policy briefs and reports for city council presentations.
- Monitored and evaluated the impacts of transportation policies on community mobility.

JUNIOR TRANSPORT PLANNER

Metropolitan Planning Organization

2014 - 2016

- Assisted in the development of regional transportation plans and programs.
- Conducted traffic studies and analyzed transportation data for regional assessments.
- Supported public outreach efforts to educate communities on transportation issues.
- Collaborated with local agencies to promote active transportation initiatives.
- Compiled data for performance metrics to evaluate transport project success.
- Participated in interagency meetings to align transportation goals across jurisdictions.
