Highly organized and detail-oriented Trauma Care Nurse with 5 years of experience in providing critical care to trauma patients. Focused on delivering empathetic and compassionate care while ensuring adherence to clinical standards. Experienced in both emergency and inpatient settings, with a specialization in trauma recovery. Strong advocate for continuous improvement in patient care practices.

💼 WORK EXPERIENCE

Trauma Care Nurse   2020-2023
Brighton Medical Hospital

- Provided comprehensive care for trauma patients in the emergency department.
- Implemented care protocols that ensured timely interventions and improved patient outcomes.
- Educated families about trauma care processes and recovery expectations.
- Utilized patient monitoring systems to track vital signs and detect changes in conditions.
- Collaborated with healthcare teams to develop individualized care plans.
- Participated in regular training updates to enhance trauma care skills.

Nurse Resident   2019-2020
General City Hospital

- Assisted in the care of trauma patients under the supervision of experienced nurses.
- Performed basic nursing tasks and monitored patient vitals regularly.
- Engaged with patients to provide emotional support during their hospital stay.
- Maintained cleanliness and organization of trauma care areas.
- Participated in interdisciplinary team meetings to discuss patient care strategies.
- Shadowed senior nurses to learn best practices in trauma care delivery.

★ ACHIEVEMENTS

- Completed an advanced trauma life support (ATLS) course with distinction.
- Recognized for improving patient communication strategies in the trauma unit.
- Contributed to a team initiative that reduced patient transfer times by 20%.
