MICHAEL ANDERSON

FRONT-END TYPESCRIPT DEVELOPER

Creative TypeScript Developer with a strong background in front-end development and user interface design. Over 3 years of experience in building interactive web applications that prioritize user experience. Skilled in collaborating with designers and back-end developers to create seamless and aesthetically pleasing products. Passionate about writing clean, maintainable code and implementing responsive design principles.

PROFESSIONAL EXPERIENCE

Creative Web Solutions

Mar 2018 - Present

Front-End TypeScript Developer

- Designed responsive web applications utilizing TypeScript, HTML, and CSS.
- Collaborated with UX/UI designers to implement design mockups and enhance user experience.
- Utilized TypeScript features to improve code quality and reduce runtime errors.
- Implemented accessibility standards to ensure applications are usable by all users.
- Participated in daily stand-ups and sprint retrospectives to improve team dynamics.
- Performed code reviews to ensure adherence to coding standards and best practices.

Innovative Tech Labs

Dec 2015 - Jan 2018

TypeScript Intern

- Assisted in the development of multiple web applications using TypeScript and React.
- Conducted user testing sessions to gather insights and improve application usability.
- Worked closely with senior developers to debug and troubleshoot application issues.
- Engaged in pair programming to enhance learning and collaboration.
- Documented application features and improvements for team reference.
- Gained experience with agile development methodologies and project management tools.

ACHIEVEMENTS

- Led a project that increased application loading speeds by 35% through optimization techniques.
- Received recognition for outstanding contributions to team projects.
- Created a personal portfolio website showcasing development skills and projects.
