SKILLS

- TypeScript
- Node.js
- Express.js
- SQL
- CI/CD
- Docker

LANGUAGES

- English
- Spanish
- French

EDUCATION

MASTER OF SCIENCE IN SOFTWARE ENGINEERING, TECH UNIVERSITY, 2014

ACHIEVEMENTS

- Successfully led a project that resulted in a 25% increase in application efficiency.
- Recognized as 'Developer of the Year' for outstanding contributions to software development.
- Presented at industry conferences on best practices in TypeScript development.

WORK EXPERIENCE

LEAD TYPESCRIPT DEVELOPER

Enterprise Solutions Group

2020 - 2025

- Architected and developed enterprise applications using TypeScript and Node.js, improving efficiency by 30%.
- Managed a team of developers, overseeing project timelines and deliverable quality.
- Implemented continuous integration and continuous deployment (CI/CD) pipelines to streamline development processes.
- Collaborated with stakeholders to gather requirements and translate them into technical specifications.
- Mentored junior developers, fostering skill development and knowledge sharing.
- Optimized database queries and data models, reducing response times significantly.

TYPESCRIPT BACKEND DEVELOPER

Global Tech Corp.

2015 - 2020

- Developed RESTful APIs and microservices using TypeScript and Express.js for high-traffic applications.
- Conducted performance tuning and optimization of existing services, improving throughput by 40%.
- Collaborated with front-end teams to ensure seamless integration of APIs with user interfaces.
- Utilized Docker for containerization of applications, enhancing deployment processes.
- Implemented security measures to safeguard sensitive data and comply with regulations.
- Documented backend processes and architecture for future reference and onboarding.
