MICHAEL ANDERSON

COMMUNITY FORESTRY COORDINATOR

Resilient Urban Forestry Specialist with a focus on environmental education and community engagement, possessing over 8 years of experience in promoting urban green spaces. Expertise in developing educational programs that inspire community involvement in tree planting and care. Proficient in utilizing data analytics to evaluate the effectiveness of urban forestry initiatives.

PROFESSIONAL EXPERIENCE

City of Riverside

Mar 2018 - Present

Community Forestry Coordinator

- Developed and implemented community engagement programs centered around urban forestry.
- Conducted tree care workshops for residents, focusing on proper planting and maintenance techniques.
- Collaborated with local schools to integrate environmental education into their curricula.
- Utilized surveys to assess community attitudes towards urban forestry and improve initiatives.
- Organized tree planting events that engaged over 500 community members annually.
- Established a volunteer program for tree monitoring and maintenance in public parks.

Green Futures Organization

Dec 2015 - Jan 2018

Environmental Educator

- Designed educational materials promoting urban forestry and environmental stewardship.
- Facilitated workshops for diverse audiences on the benefits of trees in urban settings.
- Coordinated with local businesses to sponsor educational tree planting initiatives.
- Developed metrics to evaluate the success of educational programs and community engagement.
- Presented at regional conferences on the relationship between urban forests and public health.
- Worked closely with environmental scientists to create impactful outreach strategies.

ACHIEVEMENTS

- Increased community participation in tree planting events by 50% within three years.
- Recognized with the 2020 Community Impact Award for innovative outreach programs.
- Authored a successful grant proposal that secured funding for urban forestry initiatives.
