MICHAEL ANDERSON

TRANSPORTATION PLANNING ANALYST

Strategic Urban Planning Research Analyst with extensive experience in transportation planning and infrastructure development. Expertise in analyzing urban transportation systems to enhance mobility and accessibility for diverse populations. Proficient in utilizing advanced modeling software to forecast traffic patterns and assess the impacts of proposed infrastructure projects. Demonstrates a strong ability to collaborate with multidisciplinary teams to develop comprehensive urban plans that align with regional development goals.

PROFESSIONAL EXPERIENCE

Metropolitan Transit Authority

Mar 2018 - Present

Transportation Planning Analyst

- Conducted traffic studies to assess current and future transportation needs.
- Utilized modeling software to simulate the impact of transit improvements.
- Analyzed ridership data to inform service adjustments and enhancements.
- Collaborated with local governments to develop regional transportation plans.
- Presented findings to stakeholders, influencing funding allocations.
- Authored technical reports on transportation trends and forecasts.

City Transportation Department

Dec 2015 - Jan 2018

Urban Planning Intern

- Assisted in the development of a city-wide transportation master plan.
- Conducted surveys to gather public input on transportation needs.
- Analyzed data on traffic patterns to identify congestion hotspots.
- Collaborated with engineers on roadway design projects.
- Drafted reports summarizing research findings for policy recommendations.
- Engaged with community members to promote transit initiatives.

ACHIEVEMENTS

- Developed a comprehensive transit improvement plan that increased ridership by 20%.
- Recognized with a team award for innovative transportation solutions.
- Published research on urban mobility in the Journal of Transportation Geography.
